

SHB HANDELS-GESELLSCHAFT MBH

To Whom it may concern

Mr. Walter Ferramosca was the Captain/Engineer of the boat M/Y True Austrian from April 2019 to September 2019.

MY True Austrian is a planing boat of 23 meters built by Dalla Pietà Yachts.

Captain Walter was an excellent manager of my boat and a very skilled skipper who made the time spent on the boat by me, family and friends a very enjoyable experience.

From a navigation point of view, Walter has conducted my boat safely and effectively, demonstrating calm attitude and good leadership skills in standard as well in more difficult circumstances.

As an Engineer he has solved many burdensome problems. He has always found solutions with an excellent cost-benefit ratio

He managed the crew very well; morale on board was always very high and we had no complaints from anyone; the boat was always run smoothly and efficiently.

Captain Walter is professional, affable and flexible. He is very good at optimising the settings of the boat with cost effectiveness.

I wish him all the best for his future and career.

Kind Regards.

Mr. Norbert Schaller

Director of M.Y. TRUE AUSTRIAN
